Factor Four thousand. Our new "Connected Heart" logo is, as the name suggests, all about connection. It reflects Kidsave's continued commitment to surround older kids in foster care with love, support, and lifelong connections. The design places our kids at the center of all we do, and the array of beautiful colors reflects the diversity of the kids and families we serve. We believe families are formed when connection and commitment are present, whether that's from a loving host family, a supportive long-term mentor, or through an adoptive forever family.

The KIDSAVE name is represented in a modern, assured, and confident way. The angle at the top of the K nods to our sense of forward motion and energy.

Forever Families

From a caring mentor to a count-on-able host family to a loving, supportive adoptive family, we aim to connect kids to long-lasting relationships they consider their “family”.

for all kids,

This is the "emotional nod” of our tagline - the universal belief that all kids deserve the love and support of family. It also encourages our audience to ask, “Which kids aren't” getting that.

everywhere.

This phrase talks to both the universal need for caring, loving families, and our domestic and international programs and initiatives.
